"IMAGINE THAT . . ."

A Very Special Family Reunion is Planned for This Year. Join In!

"Now to him who is able to do immeasurably more than all we ask or imagine, according to his power that is at work within us, to him be glory in the church and in Christ Jesus throughout all generations, for ever and ever! Amen." Ephesians 3:20-21 (NIV)

The **140th Anniversary of the Nebraska Baptist State Convention** will be celebrated at the ABC/NE Family Reunion (annual convention) **Sept. 21-23, 2007**, at the Sandhills Convention Center in **North Platte**.

Plans are underway for a very special gathering. According to Region President Darren Stroh "While we will honor the past and learn from it, our focus is on the future. We will 'imagine' all God will do through us. It will be a great time of glory!"

Keynote speaker is Dr. David Laubach, author of *12 Steps to Congregational Transformation*. The convention will feature special music, drama, workshops, and fellowship.

Everyone is encouraged to make plans now for to take part in this great event. Every ABC/NE church is urged to have representatives at the convention.

Registration materials for the convention will be mailed to churches and will also be included in the August issue of THE MESSENGER.

The simultaneous Youth Convention will be held at Camp Maranatha. The youth will join the adults & children Sunday morning for worship.

ABC/NE Churches Respond To Opportunity in Sudan

Benson Baptist in Omaha is leading an effort to build a Baptist church in Nasir, Sudan. Paul Marine, Senior Pastor at Benson reports, "God is working a miracle among the Nuer people of Southern Sudan. Churches are popping up all over and people are coming to know the Lord in great numbers. Our Baptist witness in Nasir needs our prayers and support."

Sudanese members of Benson planted the idea with Pastor Paul, explaining to him that there had been no missionary work in Nasir since the start of their civil war. In 2006 Pastor Paul, and Benson members Jon Mayo, Daniel Gatkuoth and Yat Kueth traveled to the community of Nasir. Since their return they have shared the story with ABC/NE churches. The project has been "blessed" by ABC's International Ministries which featured the story of the project in one of their publications. The ABC/NE Department of Mission has also endorsed this project.

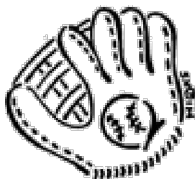

Churches in Nebraska can help with this ministry. More information is available through Benson Baptist. Contributions can be made through ABC/NE marked "church in Sudan."

Baseball Averages

Sometimes I listen to Kansas City Royals games on the radio. I'm not a big fan. It's just what's on. When I was a kid I was a St. Louis Cardinals fan because, in those days, Omaha had a farm club of the Cardinals. My dad and one sister were Cubs fans. My other sister was a White Sox fan. In later years, my mother became a Cubs fan. If a game was on TV, mother could follow it even though she was blind. She liked to "watch" things she could see in her mind's eye. She loved Sammy Sosa. His greatest year was the one following her death. We've always wondered if she pulled supernatural strings for him.

Now, what is the purpose of a baseball player? It's getting hits. Right? Basically you need to get hits to be successful. If you are great enough at something else – like pitching strikes, then you don't need to be so great at getting hits. If you are really, really good you might make it to the major leagues. The average salary in 2007 for major league baseball players is \$2.94 million. [The average broke \$1-million in 1992 and broke \$2-million in 2001.] There are 162 games per year. Not bad.

What does "really, really good" mean? If their job is to get

hits, you'd think they would need to get a hit just about every time they get up to bat. Right? Well, as many of you know, the greatest lifetime batting average record belongs to Ty Cobb who played from 1905 to 1928. His average was .366. Ted Williams once said that those that fail 'only' seven times out of ten attempts will be the greatest in the game. He was right.

How many times can we "fail" with each other and still be considered great? What expectations do we have of our leaders? I'll bet your pastor's batting average is just fine – even major league. [A pastor's batting average would include conducting worship, preaching, Bible study, Sunday School, counseling sessions, weddings, funerals, visitation, new member classes, board meetings and lots of time answering questions. And all this for about 48 weeks (if you give your pastor the standard four weeks vacation).

Don't get me wrong. Life is not a baseball game. We should each strive for excellence all the time. But on a hot summer afternoon you might give a thought to celebrating the "hits" when they come. And you might give a thought to lightening up on other folks (and yourself) in terms of your expectations.

From the Associate Executive Minister Steve Bills

Different Ways to Do and Learn About Missions

Last month in this space we discussed the value of having missionaries from the field come to our churches and associations to raise our awareness about the mission and ministry that we are a part of throughout our country and around the world. Sitting face-to-face with a missionary certainly is an effective way to catch a vision for what is and can be done.

But there are other ways to help our folks "catch" the vision.

Participating in a Short-Term Mission Trip or Project.

Back in 2000 the ABC/NE Mission department focused on discipleship, education, and training purposed to create a recurring short-term mission opportunity for the churches in Nebraska that would allow its members to have an "out-of-the-box" mission trip experience that would have a cross-cultural component, would not be prohibitively expensive, would not involve international travel with its attendant passport, visa, and inoculations requirements, and would not require any foreign language skills. Now in its seventh year, the Emergency Services Center ministry at the Sturgis Motorcycle Rally (see story on page 3) has introduced many Nebraska Baptists to the challenge and satisfaction of mission service. A group project like the ESC allows individual members of any congregation to share this experience. The trip to Alaska in 2005 and to Lodge Grass, Montana, last fall

are further examples of regionally coordinated mission trip opportunities.

If a group from within a church or cluster of churches would like to plan a mission trip we can help make it happen. Some of the places and projects our churches have gone to serve recently include working in the Katrina-devastated areas around the gulf coast, building a Habitat for Humanity house on a South Dakota reservation, painting at the Bethel Neighborhood Center in Kansas City, and organizing and leading a VBS for an inner-city church in Omaha.

Attending the World Mission Conference.

For 64 years the ABC Board of International Ministries has held its annual World Mission Conference at the American Baptist Assembly in Green Lake, Wisconsin. Last year they experimented with holding one elsewhere with exciting results. So this year there are three scheduled throughout the county during the autumn months. The conference in Kansas City hosted by Central Seminary is scheduled for November 16-18 (see the postcard insert). The ABC Nebraska Mission Department is encouraging each and every one of our churches to send several delegates to this conference to be able to report back to the congregation on the tremendous work being accomplished by our missionaries on the foreign field. Put these dates on your calendar and watch for group travel opportunities from Nebraska.

Nola's Take Five . . .

Ideas from Nola Oberhelman
ABC/NE Christian Ed Consultant

Five uses for leftover Sunday School material.

1. Offer it to another Sunday School or to home schoolers.
2. File useful ideas to apply in another unit.
3. Use in a session when attendance is record low--a snow Sunday, for example.
4. Give out when a student needs extra material or incorporate into your "early arrival center."
5. Take to a crisis or homeless shelter or a detention center.

Thanks to Everyone for the Broken Bow Response!

Following a recent fire that destroyed part of downtown Broken Bow, American Baptist Men of Nebraska responded.

Pastor Betty Johnson, First Baptist Broken Bow, reports that the American Baptist Men's Disaster Response Trailer was a real blessing for the community. She said, "The trailer was the key that allowed not only Baptist men but others in town who wanted to do something find a way to respond with others. One of the neatest things was that other churches in town wanted to help when they saw what the Baptists were doing." Rev. Johnson also expressed the deep appreciation of her congregation for the prayers from folks across Nebraska.

ABC/NE President Darren Stroh in a letter thanked ABMen on behalf of ABC/NE, "Thanks for your witness and your willingness to be our witness as well. You are very much appreciated."

ABMen Disaster Trailer Coordinator Bud Keenportz extended a particular word of appreciation to Dennis Flanagan and Orin Clinger for their help.

In late May, ABMen from eastern Nebraska and western Iowa were helping with flood clean-up in Missouri Valley, IA, using the Iowa ABMen's trailer.

"Ministry With Children" Christian Education Event

Twenty people took part in the first Moses & Eliza Merrill Christian Education Event at Camp Moses Merrill May 4-5. The focus was on ministry with children.

While those attending felt their time was well spent, they also generated many ideas for future gatherings, including expanding the time frame.

One person indicated she had taught Sunday School for 30 years but this was the first continuing education event she had been part of.

Program leaders were Casey Williams of Valley Forge, Nola Oberhelman of Chapman, and Pastor Irv Jennings of Arnold. Rev. Jennings spoke on the importance of engaging men in children's ministry. A video of his presentation will be available soon.

The idea for the event came from Gina Slechta, Sunset Hills Baptist Church, a member of the Department of Camps & Conferences.

ABMen Conference August 10-11

American Baptist Men of Nebraska will join together for their annual conference at Moses Merrill Camp & Conference Center August 10-11.

Rev. Ron French, pastor of Sunset Hills Baptist Church in Omaha, is taking the lead in preparing an exciting and relevant program that is designed to reach men's lives today.

Men from all ABC/NE churches are invited as well as their friends & neighbors. The conference provides a time of fellowship, learning, sharing, relaxing and growing.

It's Time for Sturgis

ABC Emergency Service Center Will Again Open Its Doors for Bikers

Once again, the ABC of the Dakotas and ABC of Nebraska will join forces to provide a ministry of rescue, relief, and renewal during the annual bike rally in the Black Hills of SD. Headquartered in the First Baptist Church of the Northern Hills in Deadwood, the Emergency Service Center works in cooperation with local law enforcement and health care facilities. The specific mission of the Center is to help stranded bikers, relatives of lost persons, victims of theft or abuse, and any other persons needing assistance.

Associate Executive Minister Steve Bills coordinates ABC/NE efforts. [See his column on p. 2]

All the workers in the Center are volunteers. Individuals and couples from Nebraska churches are encouraged to give a day or two or a week. Lodging is in the church basement.

Additional details about the ministry and what you might expect to experience as a volunteer are available on the Sturgis Aid web site (www.SturgisAid.com). If you have any questions or want to know how you can support this ministry even if you are unable to be present in person, please call Steve at the region office.

History Headlines

During the ABC of Nebraska's 140 anniversary year, we are looking into stories from our history:

Our second oldest church in ABC/NE is FBC, Omaha. The church, as most, has weathered bad times and good. They were confronted by a crisis in **1874**. At the convention that year, General Missionary J.N. Webb reported that he had been giving time to raise money for the church. "The result of this effort has been such that we may regard our Church at Omaha as saved.

Our brethren there will have \$5000 to pay, but time will be given them to pay this, and, relieved of this heavy burden they will breathe a purer atmosphere and engage in this work with new life and courage, and we will yet look on Omaha as a bright star in our sisterhood of churches."

In **1968**, ABMen had a Northwestern Men's Retreat at Camp Norweska near Chadron State Park and a Central Area Seminar at Westminster Wood Camp near Lexington as well as a conference at Camp Merrill.

In the **Feb. 1915 Nebraska Baptist Bulletin** (earlier version of *The Messenger*) there is an interesting suggestion to pastors:

"Suppose you make a map of your entire field, locating your church and the schoolhouses in the country round about you, if possible the farm houses and who lives in them for five miles out from your church. Hang this on your wall, study it, pray over it, call on the people living in the vicinity who are not regular church members or church attendants and visit the district schools. If possible, arrange to hold a series of meetings in some of the schoolhouses. We believe the time has come for us to extend our work."

SUMMER SUNDAYS Can Be Something Special

In some parts of the country, churches stop meeting during the summer. Fortunately that's not the custom in Nebraska. With folks on vacation there are certainly Sundays with lower than usual attendance but summer Sundays can be very special. Make plans now for some unique summer happenings.

ICE CREAM SUNDAY

One idea is an "Ice Cream Sunday." Serve small dishes of ice cream with a choice of toppings between Sunday School and Worship or after Worship.

SUNDAY SCHOOL PICNIC

Another possibility is to re-introduce the Sunday School picnic. The old version can be freshened with new games & ideas. The whole church is invited. It can be held following Worship or on another day of the week.

OUTDOOR WORSHIP

Outdoor worship is a possibility in some locations. Some churches have a Sunday morning worship in a park. A music fest on the church lawn on Sunday evenings can attract the neighbors. [Try to attract them not annoy them!]

REAL FLOWERS

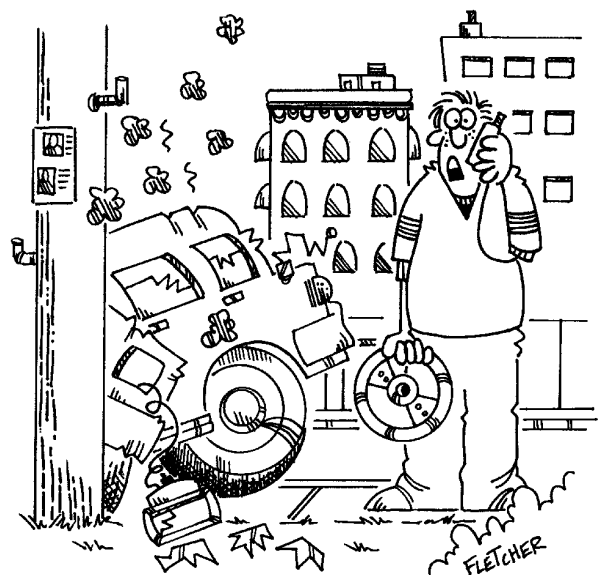

Carefully put away the silk flowers and permanent arrangements and adorn the sanctuary with garden flowers and greenery.

CHRISTMAS IN JULY

A few churches have picked up on the idea of celebrating the true meaning of Christmas without all the hoopla of December. One Sunday is set aside for Christmas carols, stories and teaching.

WORSHIP IN THE MANNER OF ANOTHER CULTURE

Set aside one Sunday to have a worship service in the tradition of Native American Christians, or a cultural group in which your church has a mission interest or experience.

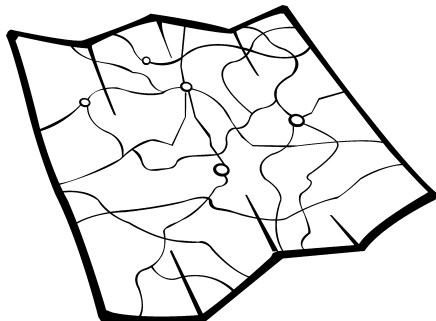

HELLO PASTOR. THIS IS BILLY JAMESON.
IF YOU HAVEN'T DECIDED ON A SERMON TOPIC
FOR THIS SUNDAY, I'D LIKE TO SUGGEST
"THE IMPORTANCE OF FORGIVENESS IN THE PARENTING PROCESS."

Summer Campers are on a "ROAD TRIP"

Summer campers are descending on Camp Moses Merrill for an adventure! Boys & girls will be learning that life is like a ROAD TRIP and that Jesus is calling them to follow him.

Each camp is staffed by two cabin leaders for each cabin and a camp coordinator. These folks volunteer their time and energy to provide high quality camping experiences. Program Director MaryBeth Robertson recruits them and helps them with curriculum and program ideas.

Year round and summer staffers under the direction of Clarence Reiss maintain the facility, serve as lifeguards, assist with horse care and do all the other duties necessary to have a great camp. THANKS EVERYONE!

BIG JOB . . .
Clarence Reiss and Jerry Buss apply a new surface to the bottom of the swimming pool at Camp Merrill. The pool will be ready for use by Memorial Day.

Be part of the Summer 2007 X-TREME MAKEOVER

Plans are underway to remodel an old bathhouse into a lodging facility for staff and volunteers. Teams are needed to clean the area around the building, move some walls, install windows and a door. It is great stewardship to save a building and put it to a new use much needed by the camp. If you'd be willing to help, contact camp or the Omaha office 402-556-4730.

Worth A Trip to See . . . THANKS MARTHA!

The Ward Conference Center's Fullerton Room now features an amazing Collage. This striking piece of art was created by Martha Sorenson, FBC, Lincoln. Martha was given and gathered items from nature from across Nebraska and from her travels around the world. She then arranged them to make a work of art. A photo can't do it justice — you need to come to camp to see it! It is awesome!

MAKE PLANS NOW FOR YOUR PERSONAL, FAMILY OR CONGREGATIONAL RETREAT

Fall weekends at camp and the Ward Conference Center are filling up fast. There are only a few openings. However, there are many openings remaining for mid-week retreats. Check with camp and make plans for a life-changing experience.

We are grateful for these special gifts: Memorials for Lou Grotelueschen from: Eula Pearson, Evelyn & Louis Dostal, Dean & Emily Bartlett, Robert & Fayette Molby, Dale & Lucy Cooper, Erma Nolan, Barbara Hedlund. A gift in honor of Stan Murdoch from Kipp & Sandi Petersen. Money contributions from: Grand Island ABWomen's Ministries, York Association, Southern Union Association AB Men, Sharon & Bill Evans, Gibbon Baptist Church, Custer Association ABMen, George & Joyce Gallu, LaLeche League of NE, and others. Campership funds from: Mr & Mrs Jon Buerstetta, Southern Union Association.

THANKS to the folks at the Butler Co. Public Power company for helping us eliminate a couple of hazards here at camp. They trimmed and cut a couple of trees by the RV loop Bathhouse which were hanging over the building and beginning to split and die. These men did an excellent job in helping us improve our camp and with helping us keep it safe for everyone and for our buildings.

From the Associate Executive Minister Dave Lundholm

Church Vitality

On the weekend of May 11th, the new special emphasis Department of Church Vitality met at Camp Merrill for group building, a retreat and visioning.

The department: had fun, searched the Scriptures, prayed together, individually considered the components of church vitality and then came together to develop their vision for church renewal in ABC-NE for the next five years.

The vision statement looks like this: "Five years from now the ABC-NE Churches are continually striving for greater levels of vitality."

This vitality is characterized by:

- o Churches working together (both within the congregations and with other congregations)
- o Churches that are connected with each other
- o Churches serving and reaching those outside their membership.
- o Members growing spiritually toward full discipleship.
- o Unity
- o Each church guided by mission and vision.
- o Each church participating in mission at the local, regional, national and international level.

There are several components of this vision that I really like. First, there is always room for additional growth. By this vision we never "arrive," but continually strive for more. Secondly, churches aren't behaving as "lone rangers," instead they are working together and urging each other to greater life. And finally there is the emphasis on unity, the recognition that we are all in this together.

What are the next steps for your congregation in the areas of renewal and vitalization?
